

Automatic Orange Juicer JEEX1616

- Automatic:
 - With just the push of a button, the cone rises and presses the fruit against the top, extracting the juice automatically and hands-free in just 15 seconds.
- Powerful and efficient:
 - 300W motor for fast and optimal juice extraction.
- Practical for everyday use: easy to operate, clean, and store.
- Robust and elegant:
 - Sleek design with a stainless steel body and filter, strong and durable.
- Anti-Drip System:
 - Special spout prevents spills and splashes to keep your countertop and kitchen clean.
- Easy to clean:
 - All parts are removable and easy to wash.
- Safe and stable:
 - Non-slip base and power indicator light for added safety.
- BPA-free
